WARM SPRINGS HOUSE

PROPOSED TERMS

PREPARED FOR TESLA

A residential test bed for Optimus + Cybercab.

Non-binding proposal for discussion.

PARTIES	Lisa Wood, owner of Warm Springs House (LISA WOOD STUDIO) · Tesla, Inc.
PROPERTY	1020 E Warm Springs Ave, Boise, Idaho 83712. 1906 family home, three bedrooms, geothermal heat. Downtown 3 min · Capitol 3 min · St. Luke's 2 min · Airport 15 min.
PURPOSE	A residential test bed for Optimus + Cybercab, and proof of concept for the first autonomous corporate residence + entertainment hub.
TESLA'S ROLE	One or more Tesla engineers live and work alongside Optimus and Cybercab, readying them for service, security and mobility.
SETTING	Private, quiet and discreet. 15 minutes from the airport.
AVAILABILITY	Available now. Term of residency: *To be agreed.*
COST TO TESLA	None, including utilities and upkeep. Not dependent on a corporate partner.
CONTROL	Tesla controls its residency, equipment, access, data, IP and publicity.
FOUNDING PARTNER	A leading Boise corporation, proposed for the next phase, when Tesla is ready: multi-year lease with founding partnership and naming rights. Not yet confirmed.
COLLABORATION	When Tesla is ready, with the founding partner: host Boise's civic and business leaders, show them autonomous technology firsthand, shape how it enters daily life, and create a playbook other cities can adopt.
PUBLICITY	None without Tesla's written approval.
CONFIDENTIALITY	Mutual NDA before any site visit: *To be agreed.*
INSURANCE AND LIABILITY	*To be agreed*
EXIT	Either party, on notice. Notice period: *To be agreed.*
NEXT STEP	See it in person: a site visit with Lisa Wood.
